### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Kamerath (Reg. No. 46,081) on January 26, 2005.

The application has been amended as follows:

Claim 22 has been cancelled.

### ***Allowable Subject Matter***

2. Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 is allowable because of *determining a plurality of projected use patterns, each based on information regarding how the one or more software modules will be used by different types of users*, when read within the remainder of the limitations of the claim. Claims 2-9 are allowable because of their dependence upon claim 1.

Claim 10 is allowable because of *determining a plurality of projected use patterns, each based on information regarding how the one or more software modules will be used by different types of users*, when read within the remainder of the limitations of the claim. Claims 11-20 are allowable because of their dependence upon claim 10.

Claim 21 is allowable because of *determining a plurality of projected use patterns, each based on information regarding how the one or more software modules will be used by different types of users*, when read within the remainder of the limitations of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
